### RATES

Our interest rates range from 8.45% p.a. to 12.95% p.a. and are fixed for the full period of the loan (unless as amended pursuant to the loan agreement). The rate charged will depend on your financial circumstances and takes the following into account:

- How much you need to borrow
- How long you need the loan for
- Your income
- Your other financial commitments
- Your credit history

To better understand the rate that you qualify for, please make contact with your local retailer.

#### Default interest rates

If you miss an amount when it's due, a default interest rate of 6% per annum will be charged above the then current interest rate.
