ENDURE

In December 1971, two Range Rover crews took on the ultimate test of endurance.

They set out on a formidable 18,000 mile journey across the Americas that led them through the Darién Gap. 250 miles of swamplands and rainforest between Columbia and Panama. Here, man and machine took on some of the most dangerous terrain on the planet and endured. To this day their achievement is known as one of the most remarkable expeditions ever attempted.

CHALLENGE

Relive the epic Darién Gap challenge with the 2018 Land Rover Heritage Collection. A premium range of clothing, gifts and accessories. Born from a spirit of resilience and created from the finest materials, the collection features heritage detailing, technical graphics and the navy and gold of those original Range Rovers. It's what British icons are made of.
